

Coasters made from craft sticks

Instructions No. 2971

Difficulty: Beginner

Working time: 30 Minutes

This decorative **coaster** is very easy to conjure up from **craft blocks**. It is ideal for displaying decorations such as candle holders, cards and flowers and also cuts a fine figure itself.

This is how it's done:

First paint 17 **craft blocks** with white **wood stain**.

For the base plate, glue 7 blocks together on the long, narrow side using handicraft glue.

Apply glue to a further 10 blocks (on the long, narrow side) and stick them upright on the base plate. Make sure that you always have the same spacing.

Once dry, you can now decorate your coaster as you wish.
