

Engraving jam jars

Instructions No. 1935

Difficulty: Beginner

Working time: 30 Minutes

Summertime is canning time! There is nothing better than homemade **jam**. To make sure that you get a nice jam jar, we show you in these instructions how to use the **Glass engraving** to conjure up great motifs on the glasses

In addition, we make beautiful covers **from fabric, which** round off the self-designed glasses. This makes the glasses an eye-catcher and makes them a wonderful gift or souvenir.

Battery engraving set with 4 attachments
