Working time: 2 Hours 30 Minutes

When it comes to giving gifts, it's not only the content that counts. Loving packaging makes presents real eye-catchers and shows creativity and ingenuity. The idea shown here is not only beautiful and imaginative, but also sustainable. You can make wonderfully cute gift bags from waxed fabric that can be used again and again. Before waxing, paint the fabric individually with edding textile pens. The textile markers and pens are perfect for light-coloured cotton fabrics. There is a choice of 20 shades in two line widths including neon colours for particularly bright motifs.
