

Wooden deco flower

Instructions No. 2749

Difficulty: Beginner

Working time: 2 Hours

This great **standing flower** was designed with the **branding technique** as well as with **handicraft colours**. An enchanting eye-catcher in your home. With your chosen craft colours, you can give the flower your personal touch.

This is how the flower is designed:
Transfer the **motif template** onto the wood using graphite paper.

Now you can easily burn in the motifs with the **branding pen**. To do this, first turn on your branding pen and wait approx. 5 minutes until it is completely heated. Now you can trace the branches with the branding pen.

Colour the leaves and flowers with **craft paint**. Also colour other parts of the stand flower as you like with craft paint.

After drying, add contours and small leaf veins with a **whitemarker**, e.g. from Posca.

Attach the enclosed **ribbons** to the stand-up flower with hot glue.
