Macrame Mobile Pouch

KNOTS USED:

Lark's head knot

Square knot

Wrap knot

Double half hitch knot

(see at the end step by step tutorials for these knots)

BEFORE STARTING

Cut the following:

1x 150 m rope in colour 00107

12x 350 cm ropes in colour 00107

2 x 650 cm ropes in colour 00107

2 x 80 cm ropes in colour 00107

Note: Make the bag on a clipboard or a book so your macramé do not slip.

STEP BY STEP:

STEP 1: Tie the 150 cm rope in the middle of a clipboard/book and attach the 12 ropes of 350 cm using lark's head knots.

STEP 2: Knot 6 square knots on the 1st row and 5 alternating square knots on the 2nd row starting from the 3rd cord. Repeat this for the next 38 rows. In total there should be 40 rows and the last one will end with 5 square knots.

STEP 3: On the 41st row knot 4 square knots with the middle 16 ropes. Row 42nd with 3 square knots, row 43rd with 2 square knots and row 44th with 1 square knot (see picture bellow).

STEP 4: Split the ropes of the triangle in the middle so that there are 12 ropes on each side. Place the 1st rope on the left over the remaining 11 left ropes and make **diagonal double half hitch knots** from the outside to the inside. Do the same for the right side.

STEP 5: Leave 0.5 cm free space and repeat step 4.

STEP 6: Knot 2 square knots with the middle 4 ropes. (see picture bellow)

STEP 7: Comb the ends and cut them to 4 cm.

STEP 8: Open the short 150 cm rope from the clipboard/book and sew the sides of the bag together with it.

STEP 9: Make the straps by using the two 650 cm long ropes together so that when the ropes are folded they are 520 cm long on one side and 130 cm long on the other. Attach the 2 ropes to a carabiner using the **lark's head knot**. Arrange the strands as follows: 520 cm, 130 cm, 130 cm, 520 cm. The two short strands are in the middle. Knot 120 square knots among each other. Pass the ends through the second carabiner and fix the strands with the 80 cm rope with a **wrapping knot**. Also attach a wrapping knot with an 80 cm rope at the begin.

LARK'S HEAD KNOT

Step 1: Fold one strand (consisting of a filler strand and a working strand) in half and place the loop on top of a cord, a rod or a ring.

Step 2: Fold the loop down the back

Step 3: Pull the ends of the strand through the loop and pull tightly.

Step 2

Step 3

SQUARE KNOT – SQUARE KNOT BAND

Step 1: The 4 filler and working strands are arranged parallel, the working strands A and D are on the outside and the filler strands B/C are in the middle.

Step 2: Place D from right to left over B/C and under A.

Step 3: Bring A from left to right under B/C.

Step 4: Pull A from the back to the front through the loop created by D.

Step 5: Carefully pull A and D tightly.

The first basic knot is finished = 1 half square knot.

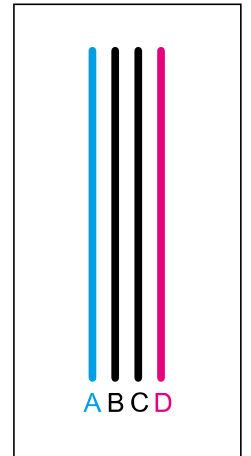

Step 6: Place D from left to right over B/C and under A.

Step 7: Bring A from right to left under B/C.

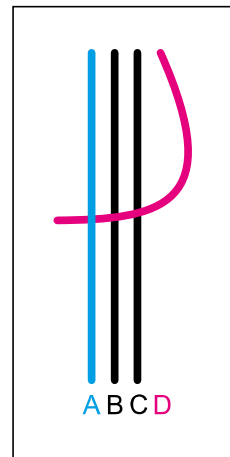

Pull A from the back to the front through the loop created by D.

Carefully pull A and D tightly.

DIAGONAL DOUBLE HALF HITCH KNOT

From top left to bottom right / top right

Step 1: Take the first cord on the left (black) as the filler cord and the second cord (red) as the working cord.

Place the filler cord over the working cord diagonally to the right. Loop the working cord around the filler cord.

Step 2: Loop the working cord around the filler cord again.

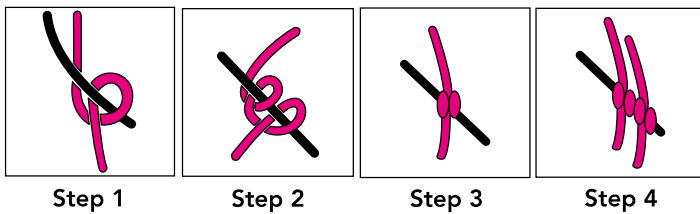

Step 3: Gently pull the working cord tightly and push both loops together.

Step 4: Use the next cord as the working cord and tie the next knot. Arrange this knot slightly lower/higher to create a diagonal line.

From top right to bottom left / top left

Step 1: Take the first cord to the right as the filler cord and the second cord as the working cord. Place the filler cord over the working cord diagonally to the left.

Step 2: Tie the knot as described above, but work in the opposite direction.

Note: Due to the fact, that Crafty Fine yarn is recycled from colour-assorted textile material and not re-dyed there can be slight variations in color and thickness. We therefore recommend buying enough yarn for your project. We also advise to use a crochet needle without handle, which is easier to work with. The first stitches might be a little bit hard to work, but you will soon get used, and the final result is worth it.

WASHING ADVICE

Always wash in as warm a water temperature as possible - up to the temperature recommended, with a short spin. Use a lot of water if hand washing. For darker colours we recommend the use of discolouration sheets.

Do not bleach.

Do not tumble dry. Drip-dry on a horizontal surface.

Iron on a hot temperature setting using a damp cloth.

Professional dry cleaning in tetrachloroethylene.

WRAP KNOT

Step 1: The filler cords/strands should be arranged as parallel as possible in a bundle.

Step 2: Take a short cord (= wrapping cord) and create a loop approx. 5 cm long. Place the loop on top of the cord bundle.

Wrap the long end of the wrapping cord around the bundle of threads and the cord's own loop once and pull tightly.

Step 3: Then continue to wrap the wrapping cord from top to bottom until the desired length of the gathering knot is achieved. Make sure that the wraps are close together.

To secure the wrapping cord, bring the end of it through its loop.

Step 4: Carefully tug on the beginning and the end of the wrapping cord until the loop disappears under the wraps. Cut the end of the wrapping cord.
